

	Kilmacow Green Smart Village	This project delivers the EU Smart Village concept through an integrated, community-led approach that promotes sustainability, climate resilience, digital connectivity and social inclusion. It will improve mobility and accessibility through enhanced walking infrastructure, EV charging, universal design features and welcoming public spaces for all ages and abilities. The project also strengthens digital connectivity, biodiversity and community wellbeing through broadband, solar-powered lighting, community gardens, pollinator planting and native landscaping.	
Padraig Flaherty	Ballykeeffe Amphitheatre https://ballykeeffeamphitheatre.com/	Development of a former quarry into an outdoor performance area for concerts, performances and weddings, this is run as a social enterprise.	
Seamus Kelly	Callan Hostel Project	Development of former mill and meat factory (including a hydroelectric power station on the site) into a tourist hostel and a community art gallery.	
	New Gallery in Callan https://www.facebook.com/		

	<u>.com/trasna production s</u>		
	Windgap Café & Community Hall <u>https://www.facebook.com/lakesidewindgap/</u>	New community café & community centre run as a social enterprise in a small remote village, primarily run by volunteers.	

Martin O'Brien	The Hub, Graiguenamanagh http://barrowvalleyactivitieshub.ie/	The Barrow Valley Activities Hub is a bespoke Community facility on the Old Dock Road, Graiguenamanagh (formally known as the Pitch & Putt). Strategically placed on the banks of the river Barrow and in the heart of the town, of Graiguenamanagh. It was designed to fade into the landscape and as a platform into the Barrow Valley & its hinterland. The Activities Hub facilities include changing and shower facilities, kitchen, secure storage and a large glassed training/gathering space facing out on to the area's natural assets. The Hub has also developed electricity locally through community funded solar generation and storage, enabled by a community owned and operated virtual power plant.	
Gary McHugh	Young Irish Film Makers	Based in Kilkenny City, it is a film and digital media organisation for young people, where young people get to produce, direct, edit and star in their own films. https://yifm.com/	

	Muckalee Community Café & Shop https://www.facebook.com/profile.php?id=61567028446782&locale=fr_FR	Development of café & shop that is run as a social enterprise in a small remote village.	
	Castlecomer Discovery Park https://www.discoverypark.ie/	Development of new tourist attraction run as a social enterprise in a former mining town. Castlecomer Discovery Park has lots of activities for outdoor tourism targeting school children, locals and tourists.
